Synthetic Pvt. Ltd.

Board Lite

Reliable Wood Substitute

A Project of Chawla Group

CHAIRMAN MESSAGE

First, I would like to say thanks to our customers for putting their trust in Chawla Group. We would have not been able to get here without our customers confidence in us. It is our customers that we care about. Therefore, we come up with unique and long lasting inventions to get the best possible products for them. This journey of continuous growth and incessant success is in consistent progression for the past 40 years, and Chawla Group of industries now raises the curtain over yet another magnificent product, Boardlite, under the banner of Crystal Synthetic (Pvt) Ltd.

Please know that we strive to create the best experience for you and would highly appreciate your honest feedback about what we are doing well and where we need improvements. Thank you in advance for your time and input.

Mian Muhammad Munir
Chawla Chairman

Vision

Our vision is to make the world a wonderful place to live, where technological wonders may help mankind to enjoy a peaceful life.

Boardlite must be a partner to the availability of technological advancement for the delight of mankind.

Mission

To establish a hi-tech base to develop enough capability to receive latest technology and innovate to produce sophisticated products of international standards at affordable price to serve local & global markets.

Values

Integrity, capability with honesty, excellence in production, marketing, delivery, respect of employees, customers, intermediaries, and stakeholders.

The image shows a close-up of a material with a wood-grain texture, likely a PVC product. The texture is composed of vertical lines and subtle variations in brown tones, mimicking natural wood. In the top-left corner, there is a dark blue rectangular label with white and red text.
